# SUPPORT ENGLAND'S OLDEST CATHEDRAL

The good news is that work on the Vision Project commences at the beginning of September. The not so good news is that between 2006 when the costs were estimated, and now, there has been a serious increase in the total project cost. Instead of £30,000 being required to fund the project we now have to raise £200,000. Some of this is due to changes in the lighting specification to meet standards required by statutory bodies like the Cathedrals Fabric Commission; some of it is inflation within the building industry, particularly the price of copper wiring and some of it the inevitable increases in project fees and contingencies.

Please help us to secure the funding for The Vision Project by ordering your Christmas Cards from RCDC.
